ADARA to Present at Barclays Select Series: Software Defined Data Center Forum in New York

ADARA joins a select list of companies to present on latest industry developments

PR Newswire

SAN JOSE, Calif., Nov. 14, 2013

SAN JOSE, Calif., Nov. 14, 2013 /PRNewswire/ --

[ADARA Networks](#)®, a global software company in the Software Defined Networking (SDN) space, announced that its Chief Software Architect, Karthikeyan Subramaniam, will present at Barclays Select Series: Software Defined Data Center Forum today, hosted at the Barclays Conference Center in New York City. The

Software Defined Data Center Forum will explore one of the most important themes currently in IT - the growing importance of cloud computing. Subramaniam will present as a part of a panel about how the emerging software defined datacenter landscape is disrupting the traditional enterprise IT ecosystem.

"ADARA is looking forward to presenting at Barclays' top industry conference and is honored to join the Software Defined Data Center Forum," said Karthikeyan Subramaniam, chief software architect, ADARA Networks. "ADARA delivers the most dynamic SDN landscape in the industry empowering customers to simultaneously, optimally and financially engineer their profits while operationally managing their enterprise."

Panel Discussion

Date: November 14, 2013

Time: 9:45 a.m.-10:30 a.m. EST

Location: Barclays Conference Center, New York, NY

[Barclays Select Series: Software Defined Data Center Forum](#) will feature speakers from the top public and private companies in the industry analyzing the most important themes currently in IT.
