ADARA Networks to Present at Barclays Global Technology Conference

SAN JOSE, Calif., Dec. 9, 2014 /PRNewswire/ -- [ADARA Networks](#)®, a global software company in the Software-Defined Networking (SDN) space, today announced that Chief Software Architect Karthikeyan Subramaniam will present at the Barclays Global Technology Conference being held December 9-10, 2014 at The Palace Hotel in San Francisco.

ADARA joins a select list of companies asked to provide insight on disruptive technology and growth trends. Subramaniam will present on the latest SDN developments and innovation with Barclays Analyst Benjamin Reitzes on Wednesday, December 10, 3:45 – 4:15 PST followed by a Q&A session.

About ADARA Networks

ADARA Networks is an industry leading developer of production-ready and vendor-neutral Software Defined Networking (SDN), Virtual Computing, and Networking solutions. ADARA SDN is a complete end-to-end solution including Network Functions Virtualization, WAN optimization, network monitoring, management, and configuration, security, services/infrastructure choreography and network orchestration. By enabling more flexible, secure, and high performing IT infrastructure environments, ADARA SDN empowers enterprise customers to develop new revenue streams, increase bottom line and net profits, and return on investment (ROI).
